

New Telehealth Players

Third in a series of virtual forums: November 10, 2021

Partnership for a Connected Illinois
broadbandillinois.org

The Illinois Telehealth Initiative (ITI) is a project of the nonprofit Partnership for a Connected Illinois (PCI). Over the last five years, ITI organized Law and Policy Forums examining the telehealth landscape in Illinois and the broader Midwest. The Forums feature interactive panel discussions on the current legal and regulatory environment for telehealth, reimbursement trends and opportunities, and telemedicine delivery and business models. <http://www.broadbandillinois.org/index.html>

Healthcare delivery is being transformed by new players, including consumer product giants that are rapidly expanding into innovative virtual healthcare modalities such as telehealth and remote patient monitoring. This virtual series will include three Forums exploring emerging players and related product and service delivery models:

Forum 3—Payment Methodologies and Issues for Digital Health

The third part of the “New Players in Telehealth” series will conclude with a virtual discussion on health payment methodologies and challenges for innovative digital health delivery models and devices. You don’t want to miss this presentation, as our guest speakers will walk participants through the current payment regulatory landscape and the actions required to prepare the market and accelerate the uptake of the use of digital health delivery models and devices.

Host:
