Virtual Forum on Using Telehealth in Long-Term Healthcare Facilities During the Fight Against Covid-19 & Its Aftermath

Tuesday, May 19th, 12:00 pm – 1:30 pm CST

Agenda

Keynote Speaker:

The Honorable Mark Parkinson is the president and chief executive officer of the American Health Care Association (AHCA) and National Center for Assisted Living (NCAL), which represents more than 11,000 for- and not-for-profit nursing homes, assisted living residences, and facilities for the care of individuals with intellectual and developmental disabilities. His experience as founder, developer, and CEO of facilities offering skilled nursing care, assisted living, and dementia-related care has given Parkinson a perspective that spans the continuum of care. His vision also helped to earn national recognition for the design of one of his assisted living facilities, and the title of “Outstanding Business in Northeast Johnson County” for his company.

Before leading AHCA/NCAL, Mr. Parkinson served as the 45th Governor of the State of Kansas.

Welcome Remarks

12:00

Nancy Kaszak, Director of the Illinois Telehealth Initiative at Partnership for a Connected Illinois
