

# Medication Safety, Telehealth And Medicare

Opportunities to Reduce Older Adult Preventable Harm

Thursday  
February 26, 2026  
1:00–2:15 pm CT  
A Virtual Forum

Pat Merryweather-Arges, M.A. PROJECT  
PATIENT CARE, Moderator

Older adults are at increased risk of medication errors due to complex health conditions and multiple medications. This webinar will help patients, families, and caregivers learn how Medicare's Annual Wellness Visits and Medication Therapy Management—available by telehealth—can reduce medication risks and prevent harm.
