MARK YOUR CALENDARS!

Partnership for a Connected Illinois (PCI) is pleased to announce its 2019 Telehealth Law and Policy Forum, co-hosted by Northwestern Medicine and McDermott Will & Emery. The Forum is a full-day event featuring legal, policy, operational, clinical and technology experts who will discuss telehealth topics, including:

- Artificial intelligence & telehealth
- Direct to consumer telehealth
- Remote patient monitoring
- Expansion of telehealth for Medicare Advantage plans
- Telehealth applications in areas such as pediatrics, behavioral health, pharma, and the opioid crisis.

Look for more details in the coming weeks!
