## Examine

the telehealth landscape in Illinois and the broader Midwest

## Explore

the current legal and regulatory environment, reimbursement trends and opportunities, and telemedicine delivery and business models

## Focus

on the perspectives of health care providers, public and private payers, and telehealth entrepreneurs and service providers

# Forum 2 | June 7, 2016

## AGENDA

Payment for Telehealth Services in Illinois and the Broader Midwest

Consumer Investment in Telehealth Services

Key Considerations for Employers Offering a Telehealth Benefit

Case Study: Collaboration of Payer and Provider in Remote Monitoring Program

Telehealth's Role in Shifting from Fee-for-Service to Value-Based Care

Payer Partnership Opportunities and Strategies for Telehealth

The Illinois Telehealth Law Forum Series will:

- Engage medical professionals in discussions of the most effective and legally sound approaches to advancing telehealth in Illinois
- Provide an opportunity for telehealth stakeholders to engage with other like-minded organizations
- Educate telehealth stakeholders on opportunities for collaboration to advance telehealth in Illinois

The Forum is organized by the Illinois Telehealth Initiative. The Initiative is a project of the Partnership for a Connected Illinois (PCI), an Illinois 501(c)(3) nonprofit corporation aimed at advancing telehealth in Illinois.

Marketing and organizational support provided by McDermott Will & Emery.
