PARTNERSHIP FOR A CONNECTED ILLINOIS

Visualizing the State of Broadband

broadbandillinois

PARTNERSHIP FOR A CONNECTED ILLINOIS

We need fast internet to reach every classroom, every community, and every rural area, so that digital innovators and entrepreneurs will have the platform to keep reshaping our world.

Jobs that depend on broadband availability are projected to increase 25% by 2018.

Internet Innovation America, 10 facts about Broadband and Jobs

36.4% of home businesses agree they would not be in business without broadband, 28% would relocate if broadband was not available.

Strategic Networks Group

Over 18% of Illinois households telework.
